

Series: UNIFIED

Title: Unity in the Body of Christ

Speaker: Bryon Mengle

Date: August 3-4, 2019

1. What is God teaching you about your own spiritual health these days?
2. How can you tell if a church is healthy?
3. Read Ephesians 4:1-16 from more than one version. What stands out to you from this passage?
4. What's the difference between living a good and worthy life, and living worthy of your calling?
5. How do the commands in verses 1-6 ask us to perceive each other?
6. What does being *completely* humble look like to you, verse 2? BTW, this was so radical for the first century when humility was seen as weakness. What are the marks of someone who is humble?
7. From verses 11-13, what's the job of church leaders including pastors?
8. Define the four characteristics from Pastor Bryon's chart below and give real life examples of what they look like.

9. What is your spiritual gift? Where do you enjoy using that gift? OVER...

10. Discuss Francis Chan's comment: "I don't believe God wants our church life to be centered on buildings and services. Instead, God wants our churches to be focused on active discipleship, mission and the pursuit of unity."
11. What are ways that you and your group are keeping the unity of the church and your small group?
12. Thinking about the call to in this passage spend some time praying for
 - unity and maturity in our church
 - our two impact trips to Romania and the WA State Prison in Monroe, and
 - the Global Leadership Summit happening this week.
