

Series: KINGDOM CULTURE
Title: Mercy, Not Judgment
Speaker: Scott Moon
Date: November 28-29, 2020

1. Are you more likely to trust until proven wrong or distrust until people prove themselves?
2. When it comes to judging others, how do you think the non-churched think of the church? How well do you think the church is doing in not judging?
3. What kind of judgment is Jesus calling us to stop? Why is it contrary to Kingdom culture?
4. What happens to someone who judges others and how would that slow us down in judging others?
5. Think for a moment about how Jesus treated people everyone else judged. Now read Ephesians 5:1-2, and 1 John 4:8. How do we move away from judging?
6. In verses 3-4, what's so ironic about the way Jesus says we judge others?
7. From verse 5 and Galatians 6:1, what do we do when we see someone sinning?
8. Who do you think the dogs and the pigs in verse 6 are, and what pearls could he have in mind?
9. What is Jesus calling us to do with these dangerous individuals?
10. What's the value of proximity?

Scott gave us this helpful comparison/contrast:
