**MESSAGE TAKEAWAY**

The Resurrection is more than a historic event.

**DISCUSSION QUESTIONS**

- Easter Keystone Question: Is it true? Why do you think that the answer to this question is so important?
- If the resurrection is **not** true, why, as Paul said, should we who believe it is true, be pitied? (1 Cor. 15:19)
- How did Gamaliel argue, using "if/then", to spare the lives of Peter and the other disciples? (Acts 5:33-39)
- Dr. S. Joshua Swamidass said, "Without the physical Resurrection, two thousand years of history are left begging for explanation..." What were some of the unanswerable questions he raised?
- Pastor Bob said, whether you believe it is true or not, we should all hope that Easter **is** true. What reasons did Pastor Bob give for that statement; what benefits would be lost if Easter were not true?
- What price did Christ pay for you? Why do you suppose he was willing to pay such a high price for you? How does that make you feel?
- How would you answer someone who asks you, **is it true** and, how do you know?
