MESSAGE TAKEAWAY

One of the greatest factors of resilience is community

DISCUSSION QUESTIONS

- Share a memory of your Mom or someone who has a “Mom” like influence and when her teaching helped you be more resilient.
- Read Daniel 3: 8-26. If you grew up in church and this story is familiar, what do you remember about this story in Daniel? What stands out to you about Shadrach, Meshach, and Abednego?
- Bob talked about the imagery of a “band of brothers” and the three who stood in the fiery furnace. How does standing together help build resilience?
- Share a season in your life where you were in a storm and standing in community helped you to get through your hard season. What was the key that enabled you to get through?
- Think of someone in your life who is walking through a difficult time. How can you reach out to help them not feel so alone?
- As a small group, talk about ways you can better strengthen your community in your group to prepare for life season coming ahead.

NEXT STEPS

As Pastor Bob encouraged, how can you take a next step this week to deepen your circle of community? Make a plan over the next two weeks to invite a conversation, and or reach out to someone in need who may need encouragement.
